

BRIME ROBBINS

MAKING THE GLOBAL, LOCAL.

who we are

BR is an international design partnership. We collaborate with a variety of talented consultants to bring together a singular vision. At the forefront is the fusion of local culture with world-class design. But at our core, we want to tell a compelling story through design. In our studio, we celebrate the “pauses” in the narrative, when a guest will literally stop to ponder details of our design, in fact, connect with it on a personal level.

our mission

Make the global local. We want each guest to feel at home no matter where they trek, and engender a sense of place inside so that the world outside remains a part of your interior.

our vision

To deliver a tailor-made project every time. We will never deliver a single aesthetic, or a “one size fits all” approach. We inject a bit of attitude and lifestyle into each design to make it unforgettable.

Meet Maria Brime

Maria is a Founder and Design Principal of Brime Robbins. Born in Spain she spent 6 years as a designer in New York and has spent the last 20 years working on projects across the globe. Maria loves paying attention to design on spaces and surfaces less explored by designers, Maria believes that an every day item can be thoughtfully designed to deliver an experience that leaves a smile on your face.
